

THE NEPTUNE CRUISER

THE TILLER IN YOUR HAND NEVER FELT BETTER

THE NEPTUNE CRUISER IS A STUNNINGLY BEAUTIFUL CLASSIC ONE-DESIGN TWO MAN RACING KEELBOAT DESIGNED IN 1938.

ORIGINALLY BUILT IN WOOD, NOW OFFERED IN FIBREGLASS. PRIDE OF OWNERSHIP AND GREAT SAILING PERFORMANCE IS INCLUDED.

KEY FEATURES

Classic Scandinavian sailboat design with ca 270 boats built to this date that is sailing mainly in Sweden. Some boats can be found around Europe.

FLEXIBLE SAILING. Can be transported on a trailer by a passenger car. Crews only 2 on races.

PURE SAILING. One-design, small sails, and small boat translates to cost effective and low maintenance sailing. Not an arms race of who has got the biggest wallet.

RACING. The Neptune Cruiser gets raced a lot. The Swedish Nationals commonly count 30-40 boats on the starting line. Racing with a Neptune cruiser is highly competitive, challenging and honest. Women like the Neptune Cruiser due to its easy handling.

CRUISING. The Neptune Cruiser is ideal for 2 people cruising. With shallow draught and long overhangs you have ample stowage and a lot of anchorage possibilities.
