**The classic one-design** Swedish two man racing keelboat designed 1938 by Lage Eklund,

Specifications: loa 9 m, lwl 5,85 m, beam 1,92 m, draft 1,2 m. Total weight 1150 kg. Sails: main 12, jib 6, Genoa 12, and spinnaker 30 square metre.

This boat is one of the nicest looking classic designs ever built. A wonderful sailboat for two persons, with the possibility to stay overnight. Due to the modest weight, the boat could be transported by a trailer drawn by a normal car.

Around 270 boats have been built. This one design class has its own Swedish Championship every year since 1945, with 20 - 40 participants and is also used as a day sailor in the Swedish Archipelago.

**Hull:** White with the iron keel wrapped in plastic

**Deck:** White with the slip pattern in light grey. Inside white.

Prices in March 2024:

Plastic-ready hull with deck, rudder and keel mounted SEK 343 800, mast, boom, rig SEK 83 200, fittings SEK 43 800 and sails (main and genoa) SEK 31 500. All prices including Swedish VAT.

The boat is built according to the building regulations of Neptunkryssarförbundet from 2019 and the class rules from 2019, both approved by the Swedish Sailing Federation

Manufacturer and seller:
